About us

We are nature lovers,

Being A Naturalist and having vision for sustainable living, SiS - Soul in shell venture has come into existence...

Soul in Shell is a Pune-Maharashtra-based start-up dedicated to craft eco-friendly home products prepared from raw coconut shells for day-to-day uses.

We are committed to preserve the beauty of our Earth by turning waste into worth.

Our mission is to promote sustainability by offering eco-friendly, creative, functional alternatives to plastic and paper.

Through our innovative designs, we encourage people to adapt eco-friendly solutions that help to protect the environment for future generations.

Join us on this transformative journey of saving nature,

At least one coconut shell at each home....

Our Role Models:

Hon'ble Narendra Modi ji,
Respected late. Ratan ji Tata,
Smt. Sudha Murthy an eminent personality
and many more who represent India and Maharashtra globally.

Vision

Being a Naturalist, our vision is to spread awareness in society for daily consumption of eco-friendly and sustainable products made from natural resources.

Mission

To manufacture and transform raw coconut shells into innovative, unique, reusable home products which are sustainable alternatives to plastic and disposable materials.

Having a vision of promoting uses of eco-friendly home products in day to day life.

At least one transformed coconut shell at each home.

Enjoy and have your favorite flavor of wine in this Rustic and stunning Wine Glass....These are Eco- Friendly, sustainable in Nature and can be reused....

Enjoying wine with this Natural Shell Wine Glass will be a different experience....

Feel the Difference....

Switch to Natural...Support Environment...Embrace Sustainable Lifestyle..

SiS - Serving Bowl

Coconut shell serving bowls are a popular and eco-friendly choice for serving food or snacks. They're often handcrafted, polished, and designed to highlight the natural beauty of the coconut shell.

These bowls are Eco-Friendly, Durable, Aesthetic which enhance dining experience, Unique and Food Safe.

SiS - Mobile Stand

Mobile Stand - A Perfect Travel Companionship there! 🙌 Are you on the go and love watching movies or shows on your phone? 📱 Soul in Shell (SIS) has the perfect solution for you! Introducing our eco-friendly mobile stand - sustainable, lightweight, and pocket-friendly. Carry it anywhere and enjoy hands-free comfort. Simply place it on a table or any flat surface, and you're all set! Perfect for traveling, work desks, or even relaxing at home. Choose sustainability. Choose comfort. Choose SIS.

SiS - Tissue Paper Stand

Tissue papers are used often and widely everywhere. Soul in shell has invented a unique design crafted by raw coconut shell. It's easy to carry anywhere, tissues can easily be accessible and most important it is eco-friendly. Use this product and support the environment.

SiS - Multi Products Holder

This product is hand crafted by raw coconut shell for multipurpose usage. This is the best alternative for plastic and metal holders.

These are eco-friendly, biodegradable and sustainable and can be used in your kitchen, study room, restroom, fresh rooms etc.

SiS - Diya Holder

A **Coconut Shell Diya Holder** is an eco-friendly and artistic piece of decor that blends natural materials with traditional lighting. It is typically made from a coconut shell, which is hollowed out and carefully cleaned to retain its sturdy structure. The holder is designed to hold a small oil lamp (diya), often used during festivals like Diwali, or for general home lighting
